^{*}In a few instances data shown is effective a few days after date shown.
**Possible increase in wba was not available at press time.

'Weekly benefit amount abbreviated in columns and footnotes as wba; base period, BP; base-period wages, bpw; fiscal year, FY; high quarter, HQ; high-quarter wages, hqw; average annual wage, aaw; average weekly wage, aww; benefit year, BY; calendar quarter, CQ; calendar year, CY; dependent, dep.; dependents allowances, da.; minimum, min.; maximum, max.; quarter, qtr.; week, wk.

²Unless otherwise noted, waiting period same for total or partial unemployment. In <u>Ga.</u> by interpretation. In <u>Calif.</u> it may be suspended by the Governor if compliance would hinder or delay the effects of any state of war emergency or state of emergency.

3When States use weighted high-quarter, annual-wage, or average weekly-wage formula, approximate fractions or percentages figured at midpoint of lowest and highest normal wage brackets. When da provided, fraction applies to basic wba. In States noted variable amounts above max. basic benefits limited to claimants with specified number of dep. and earnings in excess of amounts applicable to max. basic wba.. In Ind. da. paid only to claimants with earnings in excess of that needed to qualify for basic wba and who have 1-3 deps.. In <u>Iowa</u>, and <u>Ohio</u> claimants may be eligible for augmented amount at all benefit levels but benefit amounts above basic max. available only to claimants in dependency classes whose how or aww are higher than that required for max. basic benefit. In Mass. for claimant with aww in excess of \$66 wba computed at 1/26 of 2 highest quarters of earnings or 1/13 of highest quarter if claimant has no more than 2 quarters work.

*When 2 amounts given, higher includes da.. Higher for min. wba includes max. allowance for one dep.. In <u>D.C.</u>, <u>Md.</u>, and <u>N.J.</u>, same max. with or without dep.

⁵In computing wba for partial unemployment, in States noted full wba paid if earnings are less than 1/2 wba; 1/2 wba if earnings are 1/2 wba but less than wba. In Mich. for each \$1 earned the wba will be reduced by 50 cents; there is also a limitation on total weekly benefits and earnings at

1-1/2 times the benefit amount with an equal reduction of benefits for each \$1 earned; if the reduction in the wba results in a zero benefit rate, the weeks of benefit payments will be reduced by 1 week.

⁶States noted have weighted schedule with percent of benefits based on bottom of lowest and highest wage brackets.

Benefits extended under State program when unemployment in State reaches specified levels; Alaska, Calif., N.J. (until March 1, 1997), by 50%; Conn. by 13 weeks; P.C. by 10 weeks; Oreg. by 25%. In Hawaii benefits extended by 13 weeks when a manmade or disaster causes damage to either the State as a whole or any of its counties and creates an unemployment problem involving a substantial number of persons and families. In P.R. benefits extended by 32 weeks in certain industries, occupations or establishments when special unemployment situation exists. Benefits also may be extended during periods of high unemployment by 50%, up to 13 weeks, under Federal-State Extended Compensation Program.

⁸For claimants with min. qualifying wages and min. wba. When two amounts shown, range of duration applies to claimants with min. qualifying wages in BP; longer duration applies with min. wba; shorter duration applies with max. possible concentration of wages in HQ; therefore highest wba possible for such BP earnings.

⁹Waiting period compensable if claimant unemployed after 9 consecutive weeks, <u>Mo.</u>; when benefits are payable for third week following waiting period, <u>N.J.</u>; after benefits paid equaling 3 x wba, <u>Tex.</u>.

¹⁰Or 15 weeks in last year and 40 weeks in last 2 years of aww of \$80 or more, <u>N.Y.</u>; 14 weeks of employment and BP wages equal to 20 x the State aww,

Mich.; BP wages in 2 qtrs. of 1-1/2 x the min. Misscuri taxable wage base for that year, Mo.; 20 wks. of work with 5% of monetary BP wage requirement (8% of insured average FY wage for preceding FY in BP) in each week, Utah.; wages in 2 qtrs., 40 x wba in BP Ga.

¹¹For N.Y., waiting period is 4 effective days accumulated in 1-4 weeks; partial benefits 1/4 wba for each 1 to 3 effective days. Effective days: fourth and each subsequent day of total unemployment in week for which not more than \$300 is paid.

12To 58.5% State aww if claimant has nonworking spouse; 65.5% if he has dep. child, Ill.; 1/19-1/23 up to 65% of State aww for claimants with dep, Ioua; 1/46 of wages in highest 2 qtrs. if the trust fund balance is at least \$90 million, or as 1/52 of wages in highest 2 qtrs. if the trust fund balance is less than \$90 million, Del.; a State aww ranging from 60% to 66-2/3% depending on the balance in the fund, Minn.; wages in the 2 highest qtrs. divided by 45, Vt.; if HQ wages exceed \$4,966.99, the max. wba will be 9% of these wages divided by 13, Calif.; 1/24 of HQ if alternative qualifying wages are used, Gal..

13Up to 66-2/3% of State aww, <u>La.</u>. 62% of State aww depending on the trust fund reserves or 65% of State aww depending on trust fund reserves and the State's average contribution rate if below the nationwide average for the preceding yr , <u>N.Dak.</u>.

¹⁴Duration can be much less than 26 wks. for individuals with only one BP ER; duration will be lesser of 26 x wba, percentage (based on the UC fund balance and ranging from 20 to 25 percent) of the State's average annual wage, or a perfentage (based on the UC fund balance and ranging from 40 to 50 percent) of the individual's insured wages during the B³, Okla.

15\$1,500 in any CQ in current or preceding CY unless otherwise specified.

 16 Max. amount adjusted annually: by same percentage increase as occurs in State aww (Ohio) by \$7 for each \$10 increase in average weekly wage of manufacturing production workers (Texas).

18Wba's will be reduced by 5% or by the reduction determined by a trigger mechanism, but the wba may not be reduced to less than half the max. wa, Pa.; wba's over \$90 will be reduced to 85% of the computed amount when revenues in the fund are inadequat; to pay benefits, Wyo.; the greater of \$197 or 30%, 57.5%, 55%, 52.5% or 50% of State aww of the second preceding C! depending on the condition of the fund, Okla.; if the trust fund balance is less than \$165 million but more than \$150 million, the max. wba will be \$245, if the trust fund balance is less than \$150 million but equal to or greater than \$90 million, the max. wba will be \$225, and if the trust fund balance is less than \$90 million, the max. wba will be \$205, Del.; wba will range from \$181-\$215 depending on trust fund balance, <u>Lа.</u>.

 $^{19}\mathrm{Qualifying}$ wages are 200 times min. hourly wage in 1 qti. and BP wages of 1-1/2 times HQ, however the BP wages must be at least 400 times min. hourly wage, R.I.; with min. aww, greater of 21 times the min. hourly wage in effect on Feb. 4, 1991, or \$80, N.Y.; BP wages of 1-1/2 x HQ or wages in 3 of the 4 qtrs. in the BP, Nev.; claimant with BP earnings outside HQ of less than the lesser of 6 x wba or \$900 will not be eligible for benefits, Tenn.

²⁰The taxable wage base depends on the condition of the fund; it could be \$7,000, \$7,700, or \$8,500, (for 1998 the wage base is \$7,000), <u>La</u>..

²¹Several alternate qualifying requirements are available, see <u>N.J.</u> unemployment insurance law for details.
